HOMECREST[™]
OUTDOOR LIVING

Made in the USA • www.homecrest.com

With Homecrest's Elements cushion collection, you no longer have to choose between style and comfort. This bold deep seating series merges the fresh, transitional design of Homecrest's popular Elements sling collection with the supreme comfort of our cushion technology. The luxurious seats and backrests feature High Resilient foam, ensuring durability, longevity, and unmatched comfort. Unlike conventional foam, Homecrest's cushions offer exceptional elasticity, providing a superior seating experience.

► SELECT YOUR CUSHION TYPE

This collection is available with either a DreamCore (XXX-DC) or UltraCore (XXX-UC) cushion—if one is not selected, the cushion will default to DreamCore. DreamCore cushions offer a fuller, softer sit, while UltraCore cushions provide a streamlined look and firmer support. For commercial applications, we recommend the UltraCore cushion.

Note: Striped fabrics are not recommended.

*Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.

Cushions are secured to withstand wind and ensure long-lasting performance.
