

# IN-POOL SERIES

All In-Pool products are available in a variety of colors and are suitable for use in both chlorinated and saltwater pools, as well as on all pool materials like concrete, vinyl liners, and gunite. They can be easily removed from the pool to be used on the pool deck.

- Average thickness of material of .20" or greater
- Waterproof, rustproof, and 100% recyclable
- Suitable for both indoor and year-round outdoor use
- Tested to support up to 750 lbs
- Fully compounded color (not dry blended) with UV light stabilizer to increase longevity of color retention in direct sunlight applications
