

SURF COLLECTION

COMMERCIAL GRADE | HDPE | ALUMINUM

HOMECREST™
OUTDOOR LIVING

Made in the USA • www.homecrest.com

With an emphasis on contemporary design and practical style, the nature-inspired Surf collection is an excellent option for heavy-use areas such as gardens, parks, college or corporate campuses, and more. Surf's powder-coated aluminum frame and curving HDPE seat offer unmatched durability, ensuring this modular collection will stand the test of time against the elements.

- **Durable:** Made with aluminum and HDPE, Surf is designed to withstand use in high-traffic areas.
- **Versatile:** Surf's design aesthetic matches almost any outdoor setting for ultimate flexibility.
- **Modular:** This collection features configurable pieces to suit the needs of your space.
- **Low Maintenance:** Surf is built to resist the elements for years of stress-free enjoyment.
- **Sustainable:** The aluminum frame and HDPE seat are long lasting and eco-friendly.
- **Secure:** Homecrest's supplied brackets allow units to be attached to one another and to the ground.
