

CASPER COLLECTION

COMMERCIAL GRADE | WOVEN | STEEL

HOMECREST™
OUTDOOR LIVING

www.homecrest.com

Sleek design meets functional elegance in the Casper collection. Constructed with a durable steel frame and high-quality woven rope and resin, this collection provides a comfortable seat and excellent weather resistance. Whether it's a patio, outdoor dining area, or poolside setting, Casper's versatile design will beautifully complement your space with ease.

- **Durable:** All components are made from high-quality materials to withstand use in high-traffic areas.
- **Innovative:** The woven mix of rope and resin creates a visually appealing and innovative look.
- **Lightweight:** The lean yet sturdy steel frame allows for easy maneuverability of each unit.
- **Low Maintenance:** Casper is built to resist the elements for years of stress-free enjoyment.
- **Sustainable:** The eco-friendly steel frame is long lasting and recyclable.

Available in: **WB** Woven
